

Mark Woodburn

General Manager

Over the last 20 years Mark has worked as a Senior Executive in some of North America's most notable mountain resorts. Before Mark and his wife Jen and son Max moved back to the area he had been the General Manager of Business Development at Whistler/Blackcomb, Vice President of Business for Intrawest Colorado (Copper Mountain and Winter Park Resort) and President of Panorama Mountain Village.

The family has settled in Clarksburg and immersed themselves into the community and the Club, enjoying all that our region has to offer, including Mark's family cottage on the Bay and riding the country roads in the summer and the Escarpment in the winter.
