

## **Tomaz Senk**

Head Coach

Tomaz put on his first pair of skis at The Georgian Peaks Club when he was only two years old. From that point on, his love for skiing only grew. Tomaz has participated in all of the programs that our Club has to offer from Nancy Greene right up to J Racing.

Tomaz started working at Georgian Peaks in 1994 as an Instructor - first in the Snow Bears Program, then on to Nancy Greene, K1, K2 and other programs at the Club. He has also worked as a Supervisor for the last four years in our League Programs and attended Summer and Pre-Season Camps to help with athlete development.

He has lived in Pointe Au Baril during the "off season" for the past twelve years which has allowed him to participate in the other activities he enjoys - mountain biking, hiking, camping, boating and canoeing.
